**ASSIGNMENT OF PATENT AND PATENT RIGHTS**

WHEREAS, Mindset Biopharmaceuticals (USA), Inc. (hereinafter "Assignor"), a corporation existing under the laws of the State of Delaware, having an office at 535 W. 34<sup>th</sup> Street, Suite 206A, New York, New York 10001, has certain ownership or exclusive license interests in the right, title and interest to United States Patents listed on Exhibit A hereto (the "Patents");

WHEREAS, Assignor also owns the rights for the inventions, as evidenced by its ownership of the patent applications listed on Exhibit A (the "Patent Applications") hereto filed in the United States and Trademark Office ("USPTO"), (which term shall include hereinafter where the context so admits all provisional, divisional, continuing, reissue and other patent applications based thereon), and any and all patent applications, patents and like rights of exclusion (including extensions thereof) of any country which may be granted on said Patent Applications; and

WHEREAS, Intellect Neurosciences, Inc. ("Assignee"), a Delaware corporation, having a place of business at 465 West 23<sup>rd</sup> Street, Apt. 12-J, New York, New York 10001 has an interest in inquiring right, title and interest in said Patents and Patent Applications and in obtaining an assignment thereof in a form suitable for recording in the USPTO or the appropriate patent office of the relevant foreign country.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby assign and transfer to Assignee, its successors and assigns, for the territory of the United States of America and throughout the world, its entire right, title and interest (including the right to claim priority and including the right to sue and recover for past infringement) in and to the said Patents and Patent Applications as well as all of the rights incident to such ownership, including but not limited to manufacturing, use, sale and importation of the products and/or methods evidenced by the Patents and Patent Applications, to be held and enjoyed by the said Assignee for its own use and behalf and for its successors and assigns.

Assignor represents and warrants to Assignee that it has not previously assigned or pledged said Patents and Patent Applications, and there are not liens or encumbrances of any nature against said Patents or Patent Applications arising out of the actions of Assignor. Assignor further acknowledges that Assignee shall have no obligation whatsoever to pay any additional consideration to Assignor, including but not limited to manufacturing, use, sale and importation of the products and/or methods evidenced by the Patents and Patent Applications, to be held and enjoyed by the said Assignee for its own use and behalf and for its successors and assigns.

Assignor represents and warrants to Assignee that it has not previously assigned or pledged said Patents and Patent Applications, and there are no liens or encumbrances of any nature against said Patents and Patent Applications arising out of the actions of Assignor. Assignor further acknowledges that Assignee shall have no obligation whatsoever to pay any additional consideration to Assignor, including but not limited to royalties, by reason of this Assignment. Assignee shall be responsible for the payment of all maintenance fees and other fees necessary for the Patents and Patent Applications to be subsisting. Assignor further represents and warrants to Assignee that it is authorized to make this Assignment and that the person signing same is duly authorized and empowered to effect this Assignment.

**[The remainder of this page is intentionally left blank.]**

IN WITNESS WHEREOF, said Assignor has caused this Assignment of  
Licenses to be executed this 22nd day of June, 2005.
